

Product Sheet

For over 27 years, iCS Communications has been supplying our customers effective telecoms solutions. We are committed to giving our customers the best service possible, giving high level technical expertise with a friendly face.

Why choose iCS Communications and SpliceCom?

iCS have worked with SpliceCom since the original product design. Most recently iCS Communications help with design, test and launch of new ranges of business phone systems.

iCS and SpliceCom have worked in harmony for many years; meaning you benefit from our in-depth knowledge, expertise and direct contact with the manufacturer. SpliceCom's Maximiser product enables a single telephone system to be built however your organisation is distributed; single-site or geographically distributed multi-sites.

Who are SpliceCom?

SpliceCom is a leading designer, developer and manufacturer of Business Telephony Communication systems, delivering tangible business benefits for all types of company, irrespective of their size.

All SpliceCom solutions are sold, installed and maintained by the SpliceCom community. A group of highly trained organisations offering complementary skill sets and services.... that's us iCS!

Call iCS Communications today on 0800 9 77 88 99 to find out more about SpliceCom systems and book a no obligation demo.
