

Product Sheet - Mobile

For over 27 years, iCS Communications has been supplying our customers effective solutions. We are committed to giving our customers the best service possible, giving high level technical expertise with a friendly face.

Why choose iCS Communications?

As mobile phone specialists, iCS communications work with a number of networks, including BT, EE, O2 and Vodafone. So we always have access to the most effective mobile solution for your business. We supply the latest mobile technologies (4G, tablets, handsets, data devices and signal boosters) to offer a range to suit any organisation.

We supply handsets and tablets from some of the top manufacturers including Apple, Microsoft, Samsung and many others. We also offer the option to lease hardware for 24 months for more cost effective packages.

Planning a trip to Europe? We've got you covered with a **FREE** roaming allowance.

Our highly trained Mobile Team will take time to understand your business mobile needs. We review your current bills and usage to supply you with a tailored tariff. We also offer a dedicated website to enable our customers to order new and replacement hardware with ease.

We know that dealing with mobile contracts can be time consuming, iCS Communications offers a dedicated Account Manager, always available to discuss your requirements.

Call iCS Communications today on 0800 9 77 88 99 to find out more about our business mobile solutions and book a no obligation review to discuss your options.

Features and Benefits:

- Shared allowances - lower usage compliments those with higher usage
- Signal hotspot in the office - benefit from use of any network, regardless of signal strength
- Remote working - stay connected with mobile email and linking handsets with telephone systems
- Preferential rates for customers with other services
- Easy to understand billing - all mobiles on one bill
- An Account Manager for ongoing advice and support
