

## Ethernet Provisioning Timeline

**We will contact you throughout the order process to advise of the current progress, and to arrange access to your site as required.**

## Pre-Order Checklist

To ensure that your order is processed and installed as smoothly as possible, please could you confirm the following details:

- Will a wayleave be required to install this service? If yes, please confirm the name, address and telephone number of your landlord.
- Will SSRAMS (Site Specific Risk Assessment and Method Statement) be required for the install? Please be aware that these may incur additional charges.
- Is an Asbestos Register available on-site? This is required for all buildings constructed in or before the year 2000.
- Are there any access or parking restrictions which the survey and installation engineers should be aware of?
- Will PPE (Personal Protective Equipment) be required on site?
- Is the site under refurbishment, or do you not currently have access to the site? If so, please confirm when the site will be ready for survey or installation.

**Please don't hesitate to contact us if you have any questions about your installation. The Network Services team is available on 01276 539 344 or [networkservices@icscomms.co.uk](mailto:networkservices@icscomms.co.uk)**
